

Math and Stat Colloquium

Thursday, October 29

3:30pm ANSC 303

Refreshments will be served in the Lund Hall Foyer at 3:00pm

Speaker: Boris Kruglikov

**University of Tromso,
Norway**

**“Symmetry Groups in: Algebra, Geometry,
and Differential Equations”**

Abstract: the idea of symmetry in mathematics will be discussed. I will survey the phenomenon from its genesis to some modern results. No special knowledge is required, the talk is oriented for general audience.
